

Product Release

November 14th, 2018

nickels cabinets

Wednesday 14th (09:30 – 01:30)

Agenda

1. New Product Release (Keith)
2. Color definitions P1/P2 program (Megan)
3. Room defaults (Tina)
4. Finish Cabinet Bottoms (Tina)
5. Available Accessories or Modifications (Dieter)
5. Apron Sinks (Tina)
6. CC-Raise bottoms (Tina)
7. LOOX Lighting System (Scott)
8. Flush-mount Cabinets (Scott)
9. HFU`s and Custom Library (Dieter)

Thank you all for being here!

Hafele - LOOX Light System

Flush-mount Cabinets

By Scott

Hafele - LOOX Light System

**MANY OPTIONS.
LOW COST.**

Loox. The LED lighting system. Light - Engineered by Häfele.

Intelligent drivers represent the core of the Loox system. Not only do they provide different numbers of lights with the power that is required, but they are also suitable for the different voltages and frequencies all over the world, can recognize different types of switches, can be used for dimming and can be combined in many different ways. International testing and certification make the use thereof extremely safe and easy.

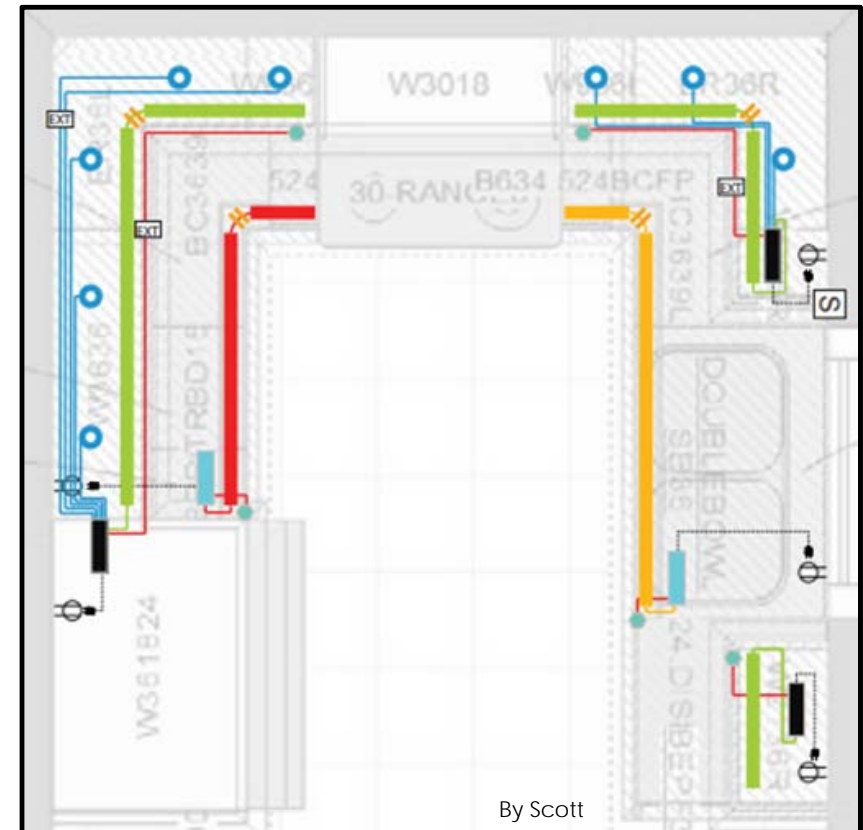

All of the system components are described in detail on the pages that follow. Please also ask for the Loox "Quick Select", which contains a wide range of application examples and wiring diagrams.

By Scott

Electrical design and layout:

- Dealer needs to answer questions of how their LED lights will be wired with their electrician.
 1. Where will the drivers be installed?
 2. Will the driver be hard wired or plugged into an outlet?
 3. Will the low voltage wiring be pulled behind the walls by the electrician? (use **LED-PWR-40W-DIM**) dimmable by approved wall switch. (see driver specs)
 4. Will the wiring be outside the walls and plugged into a driver that is plugged into a wall electrical outlet? (use **LED-KIT-PWR-40W**) only dimmable with LOOX switch. ON/OFF with standard wall switch.

LED-PWR-40W-DIM

- Will the low voltage wiring be pulled behind the walls by the electrician? (use **LED-PWR-40W-DIM**) dimmable by approved wall switch. (see driver specs)
Hardwired by electrician.

Specification Sheet

40W 12V DC LED Driver

40W Voltage Dimmable Class 2 LED Driver

Product Code: E40L12DC-KO

Magnitude's E40L12DC-KO dimmable voltage LED driver is class 2 rated and designed to operate with any standard MLV/Incandescent TRIAC (Leading edge) dimmer switch. Encased in a low profile aluminum enclosure that includes 2 knock-outs to enable easy installation makes it the perfect choice for under cabinet lights, tape lights and various LED fixtures installations. Our electrical specification includes Auto Reset, over current and short circuit protection. Efficiency of 90% and higher allows the driver to operate at low temperatures.

Features

Dimmable with any standard MLV/Incandescent TRIAC- (Leading edge) dimmer switch
Super compact ALUMINUM CASE.

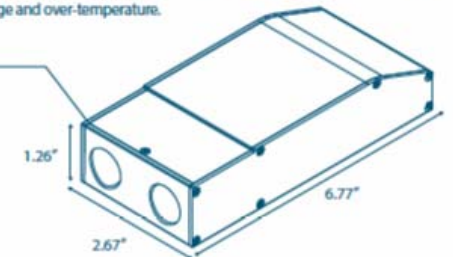

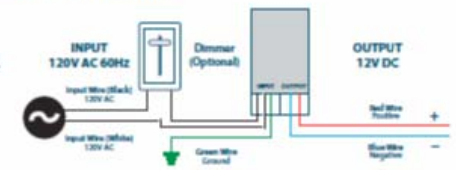

Class 2
UL 8750

IP67 - Withstands wet and salty conditions.

Auto-Reset Protection for short circuits, over-voltage and over-temperature.

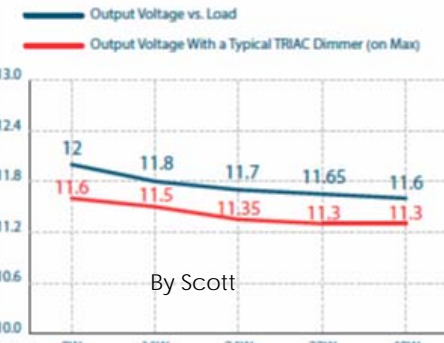

FCC 15 part 2

12V DC True RMS

Specifications

Max Load	40W
Input Voltage	120V AC
Input Current at Max Load	0.41 A
Output Voltage	12V DC
Output Current at Max Load	3.5 A
Power Factor	0.95
Efficiency	> 90%
Operating Temp.	-20°C - 70°C (-4°F - 158°F)
Short circuit protection	Yes
Overcurrent	Yes
Over temperature	Yes
Open circuit protection	Yes
Input Wires (White \ Black)	14 AWG
Output Wires (Red \ Black)	18 AWG
Dimensions L*W*H	6.77" x 2.67" x 1.26"
Weight	17 oz

By Scott

LED-KIT-PWR-40W

- Wiring will be outside the walls and plugged into a driver that is plugged into a wall electrical outlet (use **LED-KIT-PWR-40W**) only dimmable with LOOX switch. ON/OFF with standard wall switch.
